PROFESSIONAL SUMMARY

ERPNext Consultant delivering end-to-end implementations for SMEs across accounting, inventory, sales, purchasing, HR & payroll, manufacturing, and projects. Strong at translating requirements into practical configurations, driving adoption through training, and supporting stable go-lives that improve control and reporting.

WORK EXPERIENCE

ERPNext Consultant

Mar 2026 – Present

Accurate Systems

- Configure ERPNext across Accounting, Inventory, Purchasing, Sales, HR & Payroll, Projects, Manufacturing, and Assets.
- Lead requirement gathering, process mapping, data migration, testing, user training, and go-live support.
- Translate business needs into practical ERPNext solutions that improve efficiency, control, and reporting.

ERPNext Implementer

Jan 2025 – Mar 2026

Data Value

- Implemented and customized ERPNext across multiple SME business domains.
- Analyzed processes, captured requirements, and delivered training, documentation, and post-go-live support.

ERPNext Implementer

Jun 2024 – Jan 2025

ERPcloud.Systems

- Delivered SME ERP implementations focused on configuration and process optimization.
- Trained end users, provided on-site support, and resolved issues during functional testing and rollout.

Technical Support Staff

Jun 2023 – May 2024

PETROJET

- Supported software/hardware issues organization-wide and produced Excel-based operational reports.
- Gained hands-on exposure to SAP ERP while supporting administrative and operational teams.
